U.S. Food and Drug Administration

Reference: FDA-2025-1120 Date: 2025-11-20

To: Halden Therapeutics, Inc., Regulatory Affairs

Subject: Post-approval commitment for product HT-509

We have completed our review of your submission and acknowledge your response to our information request. Following discussion, you have agreed to the following commitment.

Commitment: You committed to conduct an in-use stability study of the opened bottle over 60 days under patient-use conditions.

Due date: The final report for this commitment should be submitted no later than 2026-09-30.

Failure to fulfil this commitment may result in further regulatory action. Please submit the requested information as an amendment referencing this letter.

Applicant contact for this commitment: Marcus Ode, Analytical Development.

Sincerely,

Division of Pharmaceutical Quality
