U.S. Food and Drug Administration

Reference: FDA-2026-0302 Date: 2026-03-02

To: Halden Therapeutics, Inc., Regulatory Affairs

Subject: Post-approval commitment for product HT-611

We have completed our review of your submission and acknowledge your response to our information request. Following discussion, you have agreed to the following commitment.

Commitment: You committed to revise the disintegration acceptance criterion to NMT 30 seconds and submit the updated specification in a CBE-30 supplement.

Due date: The final report for this commitment should be submitted no later than 2026-05-01.

Failure to fulfil this commitment may result in further regulatory action. Please submit the requested information as an amendment referencing this letter.

Applicant contact for this commitment: Dr. Priya Raman, CMC Regulatory Lead.

Sincerely,

Division of Pharmaceutical Quality
