Pharmaceuticals and Medical Devices Agency (Japan)

Reference: PMDA-2026-0115 Date: 2026-01-15

To: Halden Therapeutics, Inc., Regulatory Affairs

Subject: Post-approval commitment for product HT-317

We have completed our review of your submission and acknowledge your response to our information request. Following discussion, you have agreed to the following commitment.

Commitment: You committed to submit dissolution profile comparison data (f2) between the registration and the proposed commercial capsule shell supplier.

Due date: The final report for this commitment should be submitted no later than 2026-07-15.

Failure to fulfil this commitment may result in further regulatory action. Please submit the requested information as an amendment referencing this letter.

Please direct questions regarding this letter to the Regulatory Project Manager.

Sincerely,

Division of Pharmaceutical Quality
